

# Marin Capital Management

## Form ADV Part 3

### Customer Relationship Summary (CRS)

March 30, 2022

#### Item 1: Introduction

We are registered with the SEC as an investment adviser. Brokerage and investment advisory services fees differ, and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at <http://investor.gov/crs>, which also provides educational materials about broker-dealers, investment advisers and investing.

#### Item 2: Relationships and Services

##### What investment services and advice can you provide me?

Our firm offers investment advisory services, which are fully described in our Form ADV Part 2A (“Disclosure Brochure”). Our services include financial planning, and portfolio management. As part of our standard services, the Firm develops portfolios for clients that are custom-tailored to the specific needs, risk tolerances and desires of each individual client. MCM collects personalized information from the client to determine the best portfolio for the client. The firm performs ongoing reviews of the portfolio to ensure they continue to align with the Clients’ profiles. There are no material limitations to our monitoring. We accept discretionary authority to implement the recommended transactions in client accounts. The level of discretion is determined in our agreement and there are no material limitations on the authority. Marin Capital Management (MCM) charges a fee based on a percentage of the assets under management. The firm does not receive fees based on assets or commissions for purchasing or selling stocks, bonds, mutual funds, real estate investment trusts, or other commissioned products for clients.

Our investment adviser representatives are licensed advisers with the state(s) in which they conduct business. Please refer to the firm’s Brochure Supplement-Part 2B of Form ADV for specific education, experience and qualifications of each of our professionals.

##### How will we choose investments to recommend for your account?

We offer advice to each of the Accounts through portfolios, each individualized for the client based on their goals and circumstances and is managed by our advisor representatives. Through discussions in which goals and objectives based on a client's particular circumstances are established, we develop a client's investment thesis and create and manage a portfolio based on that thesis. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background. Account supervision is guided by the client's stated objectives (i.e., growth, income, or growth and income).

Conversation starters: We encourage you to ask your finance advisor these key questions:

- 1) Given my financial situation, should I choose an investment advisory service? Why or why not?
- 2) How will you select investments under your discretionary authority?
- 3) What is your relevant experience and educational background in the financial services business? What do the SEC investor qualifications mean?

#### Item 3: Fees, Costs, and Standards of Conduct

##### What fees will I pay?

The fees for all clients is based on a percentage of the assets under management. Our investment management fees are billed quarterly, in advance, meaning that the Firm invoices Clients on the day a Client opens an Account and quarterly thereafter. As your investment adviser, we have to act in your best interest and not put our interest ahead of yours. Fees for individually managed accounts start at 1.0% depending upon the amount of the assets in the account. The fee may also vary depending on the appointment of a sub-advisor. More information on sub-advisors can be found the ADV 2A Brochure. Our Advisors are paid through a salary and may also receive bonuses depending on the performance of the firm. The asset management fee is shown in a table contained in the client advisory agreement.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

Other costs incurred in your account may include prime broker charges, wire transfer and electronic fund transfer fees, fees and taxes on brokerage accounts and securities transactions. We do not collect any fees or revenue from these products.

What are our legal obligations to you as an investment adviser?

**When we act as your investment adviser**, we act in a fiduciary capacity. This said, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here is an example to help you understand what this means.

Example: MCM and/or its investment advisory representatives may from time-to-time purchase or sell products or investments that they may recommend to clients. In such circumstances, our Firm or its investment adviser representatives may have a financial interest in recommending investments that the Firm or its representatives also own.

How might our conflicts of interest affect you and how will we address them?

Because advisory representatives may purchase or sell products or investments that are recommended to clients, we may benefit from recommending those to you. This creates a conflict of interest as we may have a financial interest when recommending certain investments that we may also own. However, our internal policies and compliance procedures provide guidance to manage your account in accordance with your best interest regardless of this conflict.

Conversation starter: If you have any questions concerning our fees or conflicts of interest, please feel free to ask us questions, such as: “How may your conflicts of interests or fee structure affect me, and how will they be addressed?”

#### **Item 4: Disciplinary History**

Do we or our financial professionals have legal or disciplinary history?

No. We encourage you to visit [investor.gov/CRS](http://investor.gov/CRS) for a free and simple search tool to research any of our financial professionals.

Conversation starter: Feel free to ask: “As a financial professional, do you have any disciplinary history? For what type of conduct?”

#### **Item 5: Additional Information**

Where is additional information available?

You should independently confirm all of the information stated here with our other regulatory filings. For additional information on our investment advisory services, see our Form ADV, along with the brochure supplement on each of our financial professionals, on IAPD on [Investor.gov](http://Investor.gov). Information regarding our firm can be found at [adviserinfo.sec.gov](http://adviserinfo.sec.gov) or by calling our firm at the telephone number listed below for up-to-date information. If you have a problem with your investments, investment account or a financial professional, contact us in writing at the address listed above. If you fail to gain timely satisfaction through this course of action, you may wish to report the problem to the SEC at [Investor.gov](http://Investor.gov) or call the toll-free investor assistance line at 800-732-0330.

Conversation Starter: Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me? Our Firm and its representatives have a fiduciary duty to all clients. Please call us at (844) 626-4949 if you have any concerns.

To obtain additional information regarding our services, if you want to address any concerns, or if you need to request a copy of this relationship summary and any of our other disclosure documents referred to in this document, please contact the firm at (844) 626-4949
